

Poster No.	Title	Topic	Type
Poster No: 5	Assessing Melanoma BRAF status through ddPCR of cfDNA	Genetics and biology of melanoma	Poster
Poster No: 6	HIGH-RISK ACTINIC CHEILITIS TREATED WITH FRACTIONATED ABLATIVE CARBON DIOXIDE LASER IN COMBINATION WITH TRICHLOROACETIC 30% PEEL AND TOPICAL TRETINOIN 0.05% CREAM	Others	Poster
Poster No: 7	Lentigo maligna treating with topical imiquimod	Melanoma treatment	Poster
Poster No: 9	A case of spontaneous regression of metastatic undifferentiated carcinoma	Non-melanoma skin cancer	Poster
Poster No: 14	Assessing potential risk factors for early-onset basal cell carcinomas	Epidemiology and prevention of skin cancer	Poster
Poster No: 15	Vogt-Koyanagi-Harada disease-like posterior uveitis in the course of Dabrafenib-Trametinib for adjuvant melanoma treatment	Others	Poster
Poster No: 20	The Role of Movies as a Social Factor in the Adequate Adoption of Sun-Protection Measures	Epidemiology and prevention of skin cancer	Poster
Poster No: 21	Imiquimod Cream for the Treatment of Multifocal Pigmented Basal-cell Carcinomas of the Scalp	Non-melanoma skin cancer	Poster
Poster No: 23	Improvement of the xerosis and the quality of life in patients undergoing anti-tumoral therapy with a specific dermo-cosmetic product	Others	Poster
Poster No: 26	The presence of tumor infiltrating lymphocytes is associated with improved melanoma prognosis.	Diagnosis and staging of melanoma	Poster
Poster No: 29	Hospital based platform for teleconsultations and skin cancer screening	Epidemiology and prevention of skin cancer	Poster
Poster No: 30	ABCDE rule and dermoscopy- help in dermatology diagnostic	Epidemiology and prevention of skin cancer	Poster
Poster No: 32	Next Generation Sequencing analysis of intratumoral heterogeneity in melanoma: Influence of BRAFV600E frequency in histopathologic tumor characteristics	Genetics and biology of melanoma	Poster
Poster No: 35	Tirbanibulin, a Novel Inhibitor of Tubulin Polymerisation and Src Kinase Signalling, for Actinic Keratosis: Results from two Phase III Studies	Non-melanoma skin cancer	Poster
Poster No: 36	Phase I Photoallergy Study of Tirbanibulin Ointment 1% in Healthy Subjects	Non-melanoma skin cancer	Poster
Poster No: 37	Phase I Maximal Use Pharmacokinetic Study of Tirbanibulin Ointment 1% in Subjects with Actinic Keratosis	Non-melanoma skin cancer	Poster
Poster No: 38	METHOD FOR IDENTIFICATION OF CIRCULATING CELLS OF SKIN MELANOMA	Genetics and biology of melanoma	Poster
Poster No: 39	Secretome Study from BRAFV600E melanoma cell lines resistant to Vemurafenib	Melanoma treatment	Poster
Poster No: 41	Prediction of the invasive level of basal cell carcinomas in the facial area: Analysis of the largest Asian cohort	Non-melanoma skin cancer	Poster
Poster No: 42	Clinicopathological identification of naevus subtypes and evaluation of melanoma risk based on clinical data, ex vivo dermoscopy and targeted histopathology	Melanoma precursors and carcinogenesis	Poster
Poster No: 45	The effects of strict sun avoidance on vitamin D levels in elderly patients with malignant melanoma	Epidemiology and prevention of skin cancer	Poster
Poster No: 47	Paraneoplastic syndromes in patients with keratinocyte skin cancer: A review	Non-melanoma skin cancer	Poster
Poster No: 48	Actinic keratosis and surrounding skin exhibit changes in corneocyte surface topography and decreased levels of filaggrin degradation products	Non-melanoma skin cancer	Poster
Poster No: 50	Successful treatment of HHV8-induced Kaposi Sarcoma with valganciclovir in a HIV-negative patient with a concomitant multicentric Castleman disease	Non-melanoma skin cancer	Poster
Poster No: 53	Survival of Melanoma in possession of innovative therapies, a single institute retrospective study	Melanoma treatment	Poster
Poster No: 55	Muscle-Related Adverse Events in Patients Receiving Sonidegib: Results from the 42-Month BOLT Study	Non-melanoma skin cancer	Poster
Poster No: 56	42-Month Results on the Efficacy and Safety of Sonidegib in Patients with Aggressive and Nonaggressive Subtypes of Locally Advanced Basal Cell Carcinoma	Non-melanoma skin cancer	Poster
Poster No: 57	The Effects of Dose Reduction or Delay of Sonidegib in Locally Advanced Basal Cell Carcinoma: 42-Month Data From BOLT	Non-melanoma skin cancer	Poster
Poster No: 58	Acute renal and heart allograft rejection after therapy with ipilimumab and	Melanoma treatment	Poster
Poster No: 60	Spartalizumab + dabrafenib + trametinib in first-line treatment (tx) of BRAF V600-mutant melanoma: Clinical outcomes and biomarker analyses from COMBI-i parts 1 and 2	Melanoma treatment	Poster

Poster No: 62	Characteristics of patients (pts) with a complete response (CR) treated with dabrafenib plus trametinib (D+T) combination therapy: Findings from COMBI-d and COMBI-v 5-year analysis	Melanoma treatment	Poster
Poster No: 63	Periungual SCC with verrucous clinical presentation	Non-melanoma skin cancer	Poster
Poster No: 66	Graft-versus-host-like drug reaction induced by PD-1 inhibitor nivolumab	Others	Poster
Poster No: 68	Residual subcutaneous squamous cell carcinoma following surgery: Use of FDGPET to guide intralesional IFN- α -2b treatment	Non-melanoma skin cancer	Poster
Poster No: 69	Management of non-melanoma skin cancers with laser assisted delivery of local treatments	Non-melanoma skin cancer	Poster
Poster No: 70	Iterative Data-Driven Education for Evolving Strategies of Care in CsCC	Non-melanoma skin cancer	Poster
Poster No: 71	Malignant sweat gland tumors: case reports and a review of literature	Non-melanoma skin cancer	Poster
Poster No: 73	Rare Koenen tumors - surgical treatment result case	Others	Poster
Poster No: 75	Adverse photodynamic therapy prior to plastic surgery of basal cell carcinoma of the nose	Non-melanoma skin cancer	Poster
Poster No: 77	Photo-distributed involvement of DRESS syndrome secondary to BRAF/MEK targeted therapy for metastatic melanoma - learning points from a severe cutaneous adverse event	Melanoma treatment	Poster
Poster No: 78	Is wider excision necessary in all histologically completely excised melanomas?	Melanoma treatment	Poster
Poster No: 79	Prediction of melanoma relapse-free survival (RFS) in patients with completely resected, BRAF V600E/K-mutant, stage III cutaneous melanoma	Melanoma treatment	Poster
Poster No: 81	Detection of Mutations in the Mitogen- Activated Protein Kinase Pathway (MAPK) in Human Melanoma	Genetics and biology of melanoma	Poster
Poster No: 83	Prognostic and predictive value of systemic IDO activity as measured by kynurenine / tryptophan ratio in melanoma	Melanoma/skin cancer center	Poster
Poster No: 85	Celecoxib improved melanoma response to Trametinib in vitro	Melanoma treatment	Poster
Poster No: 88	Real-world recurrence rates and economic impact in patients with resected early-stage melanoma	Melanoma treatment	Poster
Poster No: 89	Delayed occurrence of acute myeloid leukemia in a melanoma patient treated by dacarbazine and BRAF/MEK inhibitor therapy	Melanoma treatment	Poster
Poster No: 90	Complete remission after intra-arterial chemotherapy in patient with liver metastases from uveal melanoma	Melanoma treatment	Poster
Poster No: 91	Mycosis fungoides type lymphoma in young adult: a case report	Non-melanoma skin cancer	Poster
Poster No: 93	Identification of patients with T1-T2 melanoma and low risk of sentinel lymph node positivity using a 31-gene expression profile test	Genetics and biology of melanoma	Poster
Poster No: 94	Safety of Mogamulizumab in Mycosis Fungoides and Sézary Syndrome: Final Results from the Phase 3 MAVORIC Study	Non-melanoma skin cancer	Poster
Poster No: 96	Decreasing Melanoma Incidence in Subjects Under 40 Years of Age in a Spanish University Hospital	Epidemiology and prevention of skin cancer	Poster
Poster No: 98	Multiple early-onset melanoma and nonmelanoma skin cancer in a male patient: case report	Others	Poster
Poster No: 99	The role of in vivo reflectance confocal microscopy for the diagnosis of challenging macule of the face	Diagnosis and staging of melanoma	Poster
Poster No: 101	Trends of basal cell carcinoma diagnosed at the National Center of Pathology of Lithuania in 2014-2018	Epidemiology and prevention of skin cancer	Poster
Poster No: 102	Incidence of Mutations in BRAF Gene in Dysplastic Nevi and Melanoma in situ	Genetics and biology of melanoma	Poster
Poster No: 104	VISUALISATION OF VESSELS THROUGH MULTI-SPECTRAL DERMOSCOPY AIDS IN DIFFERENTIATING ATYPICAL NEVI AND MELANOMA	Diagnosis and staging of melanoma	Poster
Poster No: 105	OPTIMIZING SKIN CANCER DETECTION IN THE GENERAL POPULATION: AN EARLY ACCESS LESION-DIRECTED CONSULTATION	Epidemiology and prevention of skin cancer	Poster
Poster No: 106	Immune-related adverse events in melanoma patients treated with immune checkpoint inhibitors	Melanoma treatment	Poster
Poster No: 110	Clinical cases of Kaposi sarcoma	Others	Poster
Poster No: 113	Primary cutaneous centrofollicular lymphoma associated melanoma	Others	Poster
Poster No: 114	Age and sex specific incidence of melanoma in the Lithuania according to Lithuanian Cancer Registry	Epidemiology and prevention of skin cancer	Poster
Poster No: 117	Depigmentation in a giant congenital melanocytic nevus during adjuvant immunotherapy for melanoma	Others	Poster
Poster No: 118	Melanoma only at first sight	Non-melanoma skin cancer	Poster
Poster No: 119	First experiences with brentuximab vedotin in CD30+ cutaneous T-cell lymphoma	Non-melanoma skin cancer	Poster

Poster No: 120	Blockade of programmed death-1 (PD-1) in Sézary syndrome reduces Th2 phenotype of non-tumoral T lymphocytes, but may enhance tumour proliferation	Others	Poster
Poster No: 122	Correlation between therapeutic efficacy and adverse events in patients with metastatic melanoma treated with immune checkpoints inhibitors	Melanoma treatment	Poster
Poster No: 125	FAMMM-syndrome: dermatoscopic, in vivo confocal microscopic and histopathologic findings and its correlation	Diagnosis and staging of melanoma	Poster
Poster No: 126	Immunotherapy in metastatic uveal melanoma: one center experience	Non-melanoma skin cancer	Poster
Poster No: 128	COEXISTENCE OF TERT PROMOTER AND BRAF MUTATIONS IN METASTATIC MELANOMA	Genetics and biology of melanoma	Poster
Poster No: 129	Trends of melanoma diagnosed at the National Center of Pathology of Lithuania in 2014-2018	Epidemiology and prevention of skin cancer	Poster
Poster No: 130	Review of clinical criteria identifying actinic keratosis at high risk of progression to invasive squamous cell carcinoma	Non-melanoma skin cancer	Poster
Poster No: 132	Clinically amelanotic nodular melanoma in psoriasis patient after biologics: a case report	Melanoma treatment	Poster
Poster No: 134	Challenges of diagnostic and treatment of metastatic acral melanoma	Melanoma treatment	Poster
Poster No: 135	Mohs Micrographic Surgery for nail unit tumors: a review	Non-melanoma skin cancer	Poster
Poster No: 137	Feasibility for non-invasive tryptophan to kynurenine ratio sampling from the skin surface: an in vitro study	Diagnosis and staging of melanoma	Poster
Poster No: 138	Efficacy and Safety of Mogamulizumab by Patient Blood Classification		Poster
Poster No: 139	The Correlation Between Skin Response and Blood Involvement with Mogamulizumab		Poster
